## CCR Beneficial Use Proposals Received

In accordance with Virginia Code § 10.1-1402.03(G)(2), this report documents receipt and review of proposals to beneficially use any Coal Combustion Residuals (CCR) subject to SB 1355 (2019), but not covered by an existing contractual agreement, every four years beginning July 1, 2022. The proposals must provide information from which the Owner can determine:

- The amount of CCR that will be utilized for encapsulated beneficial use,
- The cost of such beneficial use, and
- The guaranteed timeframe in which the CCR will be utilized.

### Proposals received from October 1, 2024, to September 30, 2026

Dominion Energy has not received any proposals meeting all the above criteria.

| Proposal | Date Received | Proposed Beneficial Use | Required Review Criteria |      |                      | Review Notes                                   |
|----------|---------------|-------------------------|--------------------------|------|----------------------|------------------------------------------------|
|          |               |                         | Amount CCR Used          | Cost | Guaranteed Timeframe |                                                |
|          |               |                         |                          |      |                      | No proposals received during the above period. |
