

1 Clear Decorative Acorn Premium Fixture
150W HID Equivalent
3000K CCT, Pattern III
18' Fluted Fiberglass

2 Cutoff Acorn Premium Fixture
150W HID Equivalent
3000K CCT, Pattern III
18' Fiberglass Smooth

3 Basic Acorn Basic Fixture
150W HID Equivalent
4000K CCT, Pattern V
16' Fiberglass Smooth

4 Carlyle Acorn Basic Fixture
250W HID Equivalent
3000K CCT, Pattern III
18' Fiberglass Smooth

5 Shoebox Basic Fixture
250W HID Equivalent
3000K CCT, Pattern IV
45' Concrete

6 Expressway Premium Fixture
250W HID Equivalent
4000K CCT, Pattern III
45' Concrete, 0-18° tilt

7 Round Lantern Premium Fixture
150W HID Equivalent
3000K CCT, Pattern III
16' Fiberglass Smooth

8 Octagonal Lantern* Premium Fixture
150W HID Equivalent
4000K CCT, Pattern III
13' Fiberglass Smooth
*(w/optional crown)

9 Directional Flood Basic Fixture
400W HID Equivalent
4000K CCT, NEMA 6HX
45' Concrete

10 Cobra Basic Fixture
150W HID Equivalent
3000K CCT, Pattern III
Small Cell Prototype Pole

17 Directional Flood Basic Fixture
400W HID Equivalent
4000K CCT, NEMA 6HX
45' Concrete
*(w/optional eagle)

16 Decorative Colonial* Premium Fixture
100W HID Equivalent
3000K CCT, Pattern III
13' Fiberglass Smooth
*(w/optional eagle)

15 Suburban Colonial Basic Fixture
70W HID Equivalent
3000K CCT, Pattern V
11' Fiberglass Smooth

14 Traditional Colonial Basic Fixture
100W HID Equivalent
3000K CCT, Pattern III
13' Fiberglass Smooth

13 Cutoff Colonial Basic Fixture
100W HID Equivalent
3000K CCT, Pattern III
13' Fiberglass Smooth

12 Contemporary Basic Fixture
100W HID Equivalent
3000K CCT, Pattern III
18' Concrete

11 Directional Flood Basic Fixture
250W HID Equivalent
4000K CCT, NEMA 6HX
45' Concrete

Additional Information

Please visit Dominion Energy's Outdoor Lighting webpage to learn more about LED technology such as color temperature, lumen output, lighting patterns, and specific engineering details for each fixture.

If you are interested in installing new LED lighting or converting your existing Dominion Energy lighting to LED, you may initiate a work request online and a Dominion Energy representative will contact you.

Hours of Operation:

9 AM – 6:30 PM (Oct.-Mar.)

9 AM – 9:30 PM (Apr.-Sept.)

LED is one of today's most energy efficient and rapidly developing lighting technologies. We offer LED styles perfect for residential and commercial outdoor lighting applications, as well as lighting for public streets.

LED lighting is available for all customers. Dominion Energy's monthly rates for LED are lower than our sodium vapor, mercury vapor, and metal halide rates. An expanded portfolio of LED fixtures is available in a variety of basic and premium styles. We also offer an attractive flat rate conversion fee per light for customers to proactively convert their existing Dominion Energy lighting to LED.

Information about our rates as well as our recommended LED conversion charts can be found on Dominion Energy's Outdoor Lighting webpage.
