

Clubhouse to Lakeview 230 kV Electric Transmission Line Rebuild Project

Quick Facts:

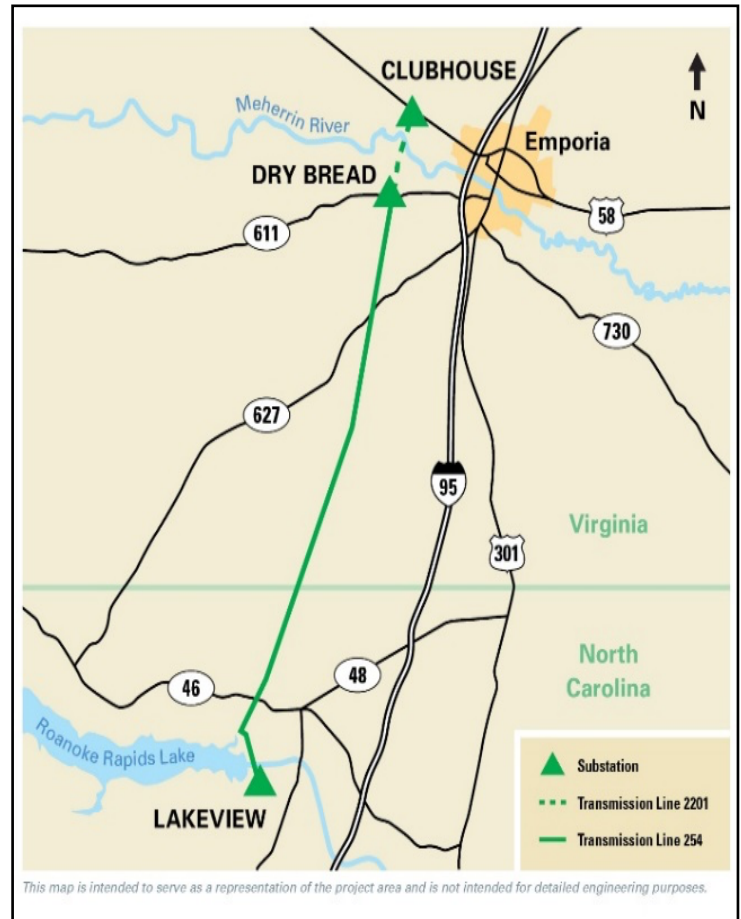

- Approximately 18-mile rebuild
- Uses existing right of way
- New structures will look similar to and will be placed near the existing structures
- Construction will occur in two phases:

Phase 1: Clubhouse to Dry Bread (Virginia)

- Summer 2022 – Preconstruction work including tree/brush clearing in and around the right of way and building access roads with wooden matting to protect existing vegetation.
- September – December 2022 – Line work between Clubhouse and Dry Bread in Virginia.
- Winter 2022 – spring 2023 – Restoration activities in the right of way between Clubhouse and Dry Bread in Virginia.

Phase 2: Dry Bread (Virginia) to Lakeview (North Carolina)

- Fall 2022 – Preconstruction work including tree/brush clearing in and around the right of way and building access roads with wooden matting to protect existing vegetation.
- November 2022 – December 2023 – Line work between Dry Bread in Virginia and Lakeview in North Carolina. Work progresses from north to south.
- Fall 2023 – spring 2024 – Restoration activities in the right of way between Dry Bread in Virginia and Lakeview in North Carolina.
