

RATE SCHEDULE NO. 150

LARGE-QUANTITY INTERRUPTIBLE COMMERCIAL AND INDUSTRIAL SERVICE

This Rate Schedule is available to any large commercial or industrial Customer using in excess of 50 Dekatherms per day on an annual basis, adjusted for curtailment.

Once a qualified Customer elects Service under this Rate Schedule, Service will be provided for a term extending through the following August 31; provided, however, that a new, qualifying Customer may change its election from this Rate Schedule to Rate Schedule No. 180 one time during the initial twelve-month period of Service. Customer may elect to discontinue Service under this Rate Schedule and receive Service from Rate Schedule No. 180 by giving written notice to Company prior to June 1 of any year. Proper notice having been provided, Customer shall discontinue Service under this Rate Schedule effective the following September 1.

Customer may switch between this Rate Schedule and Rate Schedule No. 145 one time during any twelve-month period, provided that Company's consent is obtained before Customer may switch to Service under Rate Schedule No. 145. Company will grant such consent if it has, or is able to acquire under commercially reasonable terms and conditions, the necessary Gas supplies and capacity to provide Service to Customer under Rate Schedule No. 145.

All Gas purchased under this Rate Schedule shall be separately measured from any Gas purchased or transported under any other Rate Schedule. Separate Meters, separate Accounts, and separate locations may not be combined in determining quantities for billing.

Service under this Rate Schedule is subject to review and possible reclassification to a different Rate Schedule pursuant to Rider B of this Tariff.

Rate

The applicable monthly Facilities Charge and the applicable Energy Charge are set forth in the currently effective Summary of Rates and Charges of this Tariff and are incorporated herein by reference. Rates expressed in Therms in the Summary of Rates and Charges may be converted to Dekatherms prior to billing. Bills under this Rate Schedule are subject to the Integrity Management Tracker set forth in Rider E of this Tariff.

When Customer has the installed and operable capability to burn an alternate fuel and the equivalent alternate fuel cost is less than the Energy Charge under this Rate Schedule, Customer may be served under Rate Schedule No. 160. In order to receive Service under Rate Schedule No. 160, Customer must maintain separately metered Accounts for each type of alternate fuel.

The minimum monthly bill is the Facilities Charge. The Facilities Charge will be waived in any month when Company is unable to deliver any Gas during that billing month. Service under this Rate Schedule is subject to Rider A of this Tariff.

Curtailment

Although not required to maintain alternate fuel capability in order to receive Service under this Rate Schedule, Customer exclusively bears all business, operational, mechanical, or other risks associated with the interruption or curtailment of Service. Company may require curtailment of Service for any reason it deems necessary or appropriate. Customer must be capable of being 100% curtailed on two hours' notice. In case of non-compliance with a curtailment order, Company shall have the right to valve off Service when necessary, in Company's sole opinion, to protect Service to higher margin Customers.

Notice of a curtailment is effective when issued and posted on Company's electronic bulletin board. Customer shall provide Company with the names, titles, telephone numbers, and email addresses of at least two representatives authorized by Customer to receive curtailment notices and shall promptly notify Company of any changes to such information.

RATE SCHEDULE NO. 150 (Continued)

Unauthorized Gas

Emergency Service under Rider A of this Tariff shall be available to Customers served during any curtailment period, up to a maximum of 10 Dekatherms per day, at the rate for Emergency Service set forth in the currently effective Summary of Rates and Charges of this Tariff plus the cost of Gas used, as calculated under Rider A of this Tariff. Emergency Service above 10 Dekatherms per day may be available to Customers at Company's sole discretion, and upon prior written notification and approval. If Company does not authorize Emergency Service above 10 Dekatherms per day and a Customer fails to discontinue the use of Gas after two hours' notice that Gas under this Rate Schedule is not available, all Gas so used shall be paid for by Customer at the rate for Unauthorized Gas set forth in the currently effective Summary of Rates and Charges of this Tariff plus the cost of Gas used, as calculated under Rider A of this Tariff. In addition, Customer shall reimburse Company for any expenses caused by Customer's failure to discontinue use of Gas, including but not limited to any incremental charges, assessments, or penalties imposed by an upstream interstate pipeline and the cost of any Gas used or purchased by Company during the day of Customer's failure to the extent that the cost of such Gas per Dekatherm exceeds the cost of Gas calculated under Rider A.

Payment of Bills

Bills are due and payable upon receipt and become past due 15 days after the billing date. Late payment charges will be added to the total balance in arrears on the next billing date. A charge will be imposed for checks and drafts returned to Company. Reconnection charges will be made to restore Service for: (a) Customers whose Service was discontinued for nonpayment of bill or (b) Customers whose Service was discontinued and reconnected at the request of Customer at the same Premises within 12 months after discontinuance.

The charges above are set forth in the currently effective Summary of Rates and Charges of this Tariff under the heading of Miscellaneous Fee Schedule and are described in the Service Regulations.

Rules and Regulations

Service under this Rate Schedule is subject to all lawful orders, rules, and regulations of duly constituted governmental authorities having jurisdiction over either Company or Customer, or both, including any orders of the Commission requiring Company to curtail or discontinue Service hereunder or setting priorities for such curtailment or discontinuance of Service. Company shall not be liable for any damages that may result to Customers or any other person, firm, or corporation by reason of Company's curtailing Service in accordance with any order by a duly constituted governmental authority or in accordance with any order of priorities which may be deemed practicable under existing conditions by Company. Service under this Rate Schedule is subject to the Service Regulations, which are incorporated herein by reference.
