Energy Savings SPF!

Here are 3 ways to help protect yourself from the burn of high energy use this summer.*

1 FREE Home Energy Check-up:

Give us a couple of hours (or less) and we'll show you how to save energy and money for years to come.

2 EnergyWise Savings Store:

Get huge discounts off retail on a variety of energy-saving products for your home (LEDs, Smart Thermostats and more).

3 FREE Energy Saving Tips Guide:

Download our FREE Guide and learn how setting the thermostat to 78° or higher can be one of the easiest things you can do to make a difference.

To get started visit

DominionEnergy.com

and click on **Save Energy**.

Download the Dominion Energy App Today.

*Available to residential electric customers.

If you receive a threatening call demanding payment

– hang up.

This is **NOT** Dominion Energy, even if the voice on the other end of the call says so.

We will not:

- Demand payment immediately with a credit or debit card by phone.
- Ask you to buy a prepaid card.
- Request a wire transfer or money order.
- Require payment for meter upgrade, such as a Smart Meter.

If a scam call catches you off guard, don't panic. You can immediately access your account status and payment due date online at [DominionEnergy.com](https://www.dominionenergy.com) or with the [Dominion Energy App](#).
