Re: Federal Aviation Administration (FAA) Finding for the Proposed Dominion Virginia Power Poland Road Transmission Line Corridor Easement at Dulles International Airport (IAD)

Dear Mr. Saunders:

Enclosed is one copy of the Finding of No Significant Impact (FONSI) and the Short Environmental Assessment Form (EA) signature page for the proposed Dominion Virginia Power Poland Road Transmission Line Corridor Easement at IAD.

This Federal environmental approval is a determination by the approving official that the requirements imposed by applicable environmental statutes and regulations have been satisfied by a FONSI. However, it is not an approval of the Federal action approving the funding of eligible items for this project, nor approval of the air space review, or the unconditional approval of the revision of the Airport Layout Plan (ALP) to show this project. These decisions remain with the FAA Washington Airports District Office.

In accordance with the National Environmental Policy Act (NEPA) of 1969 and Implementing Instructions for Airport Actions, you are required to publish a notice of availability (NOA) of the FONSI and Final EA. Please refer to 40 CFR 1506.6 (b) and Federal Aviation Administration Order 5050.4B, section 807 for the announcement methods. Also please forward a proof of publication of the NOA and one (1) electronic copy of the completed document to this office for our files.

Thank you for your efforts in completing this action. If you have any questions or comments please contact me at Susan.Stafford@faa.gov or (304) 252-6216.

Sincerely,

Susan B. Stafford
Environmental Protection Specialist
