

# Just like our linemen, our new Smart Meters will work hard for you.

By upgrading to new, advanced metering technologies,  
we're investing in our infrastructure and in our customers.

**Dominion  
Energy®**

## Smart Meters: our newest metering technology for managing energy.

You're due for an upgrade. Soon, Dominion will be exchanging existing meters in your area for new Smart Meters. Why? To continue providing you with better service—like more reliable delivery of energy, better power-outage detection, faster problem resolution and remote meter reading. Smart meters also allow you to view your daily energy usage and participate in pricing plans which help you manage energy and costs.

*The meter upgrade will require only a momentary power interruption; no need for you to make an appointment or be present during the exchange.*

**For more information, including how to view your daily energy usage, please visit [DominionEnergy.com/smartmeter](https://www.dominionenergy.com/smartmeter)**

The meter upgrade will occur at:
