The Virginia State Corporate Commission approval period for this program is expiring. If your project contains LED measures or has an estimated rebate amount of \$10,000 or more, an initial assessment must have been submitted by October 26, 2018 and received approval before any work can be initiated. In no case will projects be rebated without a confirmation from Honeywell. To be eligible for a rebate, all projects must be completed with a participating contractor by December 28, 2018 with rebate applications submitted online or postmarked by February 11, 2019. It is the responsibility of the customer to ensure all rebate requirements are met for the rebate to be successfully processed. For questions, please call 1-888-366-8280.

All LED fixtures must include documentation that verifies the DLC listing or ENERGY STAR® rating. All projects with LED measures require an initial assessment before any work can be initiated. LED Corncob and LED Retrofit Kits for exterior lighting do not qualify for this program.
