

2019 PROSPECTIVE PRODUCT CONTENT LABEL¹

The Dominion Energy Green Power[®] VEPGA, COV, and Large Federal program is a Renewable Energy Certificate (REC) product and does not contain electricity, which may be billed separately. A REC represents the environmental benefits of 1 megawatt hour (MWh) of renewable energy that can be paired with electricity. For more information, see dominionenergy.com/vagreenpower and green-e.org/rec.

This product is sold in blocks of 1,000 kilowatt-hours (kWh) or matches 100% of your electricity usage.

In 2019, the product will be made up of the following renewable resources.

Green-e[®] Energy Certified New Renewables² in Dominion Energy Green Power (VEPGA, COV, and Large Federal)		Generation Location
The following resources: eligible wind, biomass, or biogas. In some cases, solar, low-impact hydro, or geothermal	100% Green-e Energy certified content	National
Total		100%

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the RECs you purchased.

2. New Renewables come from generation facilities that first began commercial operation within the past 15 years. This product may include generation from a facility that is approved under a strict set of criteria as repowered.

For comparison, the 2016 average mix of resources supplying Dominion Energy Virginia included: Coal (26.5%), Nuclear (33.8%), Natural Gas and Oil (34.1%), Pumped Storage (2.4%) Hydro-Conv (1.6%), Biomass (1.6%), and Other (<1%). [Dominion Energy Virginia, 2016 Data]

The typical home in the United States uses 1,000 kWh per month. [Source: Dominion Energy Virginia, 2018]

Dominion Energy Green Power VEPGA, COV, and Large Federal program is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.
